

Amendments to the Specification and Title

Please delete paragraphs **[0005]** and **[0006]** and replace with new paragraphs **[0005]** and **[0006]** below. The amendments to the specification are made to provide filing application information to Cross-Referenced Applications which was not known at the time of filing of this application. No new substantive or significant matter has been added to this Application.

[0005] U.S. Patent Application Serial No. 09/898,898, filed [[_____]] July 2, 2001, by Terry Lucas, et al., entitled, “Programming Language Extensions for Processing XML Objects and Related Applications”, Patent No. 6,754,884, issued June 22, 2004 (Attorney Docket No. BEAS-0123US1 [[0]]);

[0006] U.S. Patent Application Serial No. 10/150,436, filed [[_____]] May 17, 2002, by Cezar C. Andrei et al., entitled, “[A] Declarative Specification and Engine for Non-Isomorphic Data Mapping”, Patent No. 6,859,810, issued February 22, 2005 (Attorney Docket No. BEAS-01717US1).

Please delete the current title of the invention, “XML TYPES IN JAVA”, and insert a new Title of the invention to read as follows: “Marshaling and Un-marshaling Data Types in XML and Java.”
